

Pollution Prevention Policy

Scope

This policy outlines ODGroup's (including ODProjects (Holdings), ODCreate & ODInteriors) commitment to achieving the highest environmental standards across our operations. This policy applies to all employees as well as obtaining commitment from our supply chain to comply with our policies and procedures.

Objectives

Whilst our clients expect the best service we can provide, we must ensure that this can be achieved in a manner that protects the environment. We recognise that the construction industry is a major source of pollution and understand that we have a responsibility to protect not only our employees but also anyone who could be affected by our work activities, now and in the future. This is fulfilled by:

- Identifying aspects and implementing control measures to minimise the impact
- Working with our supply chain to promote good environmental practices.

Arrangements

ODGroup aims to achieve the above through our Business Management System that been certified to ISO:14001 2015. We will reach these aims by:

- Identifying, managing and communicating aspects in order to reduce the impact of our activities.
- Identifying laws and regulations that are applicable to our work activities.
- Ensuring our employees have the correct information, instruction and training to prevent pollution and minimise the impact on the environment.
- Consistently reviewing practices
- Developing an effective environmental culture

Responsibilities

- It is the responsibility of the Managing Director to review, approve and achieve this policy's aims
- It is the responsibility of Senior Management to ensure our objectives are achieved
- It is the responsibility of the Quality and Systems Manager to ensure the processes and procedures needed for the Business Management System are established, implemented, maintained and reviewed
- It is the responsibility of the Health and Safety Consultant to monitor the environmental performance on site and provide guidance where necessary
- It is the responsibility of all Managers to implement and enforce the processes and procedures defined in the Business Management System
- It is the responsibility of all employee to comply with this policy and company procedures
